

Assignment 2

Pseudo Code

Write a pseudocode to calculate the area of a rectangle. Your pseudocode should include

A clear formula to compute the area using the inputs (**Area=Length×Width**)

30 June 2025 at 11:27 PM

```
..  
START  
  INPUT Length  
  INPUT Width  
  SET Area TO Length * Width  
  PRINT "The area is: ", Area  
END
```
